

# Triodos Bank

Triodos Bank finances companies, institutions and projects that add cultural value and benefit people and the environment, with the support of depositors and investors who want to encourage corporate social responsibility and a sustainable society. Developing from a small pioneering organisation that began 35 years ago, Triodos Bank has become a diversified and yet specialised Group, including the bank, investment management and private banking, all based on an ethical and sustainability policy.

The Research Department located in Zeist, the Netherlands is looking for an

## **Intern**

**32-40 hours a week, 3-4 months**

The Research department is responsible for the investment strategy, macro outlook and sustainability selection of companies for the Triodos Sustainable Investment Funds and Triodos Bank Private Banking. Moreover the team engages with companies in order to further improve corporate social responsibility. The team consists of seven analysts in the Zeist office and they are responsible for researching socially responsible investments and the investment themes. The analysts reports to the Head of Research and Investment Strategy.

**The main focus of the internship is related to macro research. As part of the internship the student will:**

- Set up datasheets and making chartbooks using a Bloomberg terminal;
- Conducting macroeconomic analysis combined with data oriented sustainability analysis;
- Helping with writing macroeconomic analysis.

**What is in it for you?**

- Experience a possible future working environment
- Learning a lot about the most-used databases in financial markets
- Learn a lot about macroeconomics and sustainability

**Requirements**

- Currently studying at a Dutch located and credited University;
- The internship is relevant for anyone who is interested in macroeconomics, sustainability and likes to play with data and spreadsheets (economics, econometrics, finance, business administration). In order to make this internship a success it is important is that he/she likes to perform research and analysis work.
- Able to work independent although you will work closely with experienced members of the team.
- A strong command of the English language is necessary as all research is conducted in English.

**Who we are:**

Triodos Bank is one of the world's leading sustainable banks. We finance companies, institutions and projects that add cultural value and benefit people and the environment, with the support of depositors and investors who want to encourage the development of socially responsible and innovative

businesses. Triodos Bank is an independent European bank with its headquarters in Zeist, the Netherlands.

Triodos Investment Management, a 100% subsidiary of Triodos Bank, is a globally recognized leader in impact investment, managing direct investments around themes including climate and energy, inclusive finance in emerging markets, sustainable trade, organic food and agriculture, arts and culture, sustainable real estate and listed companies with above average environmental, social and governance (ESG) performance. Our business has grown on the basis of deep market sector insights and commitment to sustainability objectives of our partners. We currently manage 17 funds (totaling €3.1 billion) investing in both Europe and emerging markets.

**Location**

The position is based in Zeist, the Netherlands. Applicants must be nationals of a European member state or have a valid work permit for the European Union.
